

CEE Fabry Masterclass 2026

6.-7. 11. 2026

📍 Prague, Czech Republic

Chair:

Prof. Aleš Linhart, DrSc.

This event is financially supported by Chiesi.
The content is independently prepared by the Center for Fabry Disease,
General University Hospital in Prague, The Czech Republic
This event is for healthcare professionals only.

 **Chiesi**
Global Rare Diseases 

Day 1 – Session 1: LSDs and Fabry disease

- 9.00–9.15 **Welcome and introduction**
Aleš Linhart
- 9.15–9.40 **Overview of Fabry disease**
Aleš Linhart
- 9.40–10.10 **Trends in genetics in rare diseases**
Stanislav Kmoč
- 10.10–10.30 **The role of METAB-ERN in the management of rare diseases**
Viktor Kožich
- 10.30–10.50 *Coffee break*

Day 1 – Session 2: Diagnosis and screening in FD

- 10.50–11.15 **Genetic diagnosis in FD**
Lenka Dvořáková
- 11.15–11.40 **Biochemical diagnostics in FD, XCI**
Ladislav Kuchař
- 12.40–12.00 **Panel discussion**
- 12.00–13.00 **Lunch, transfer of registered participants to the Fabry outpatient center and infusion unit for Practical Afternoon Workshop for General Nurses at the Fabry Centre**

Day 1 – Session 3: Major organ manifestations

- 13.30–14.10 **Cardiac involvement and diagnosis**
Aleš Linhart
- 14.10–14.40 **Pathological aspects of renal disease**
Eva Honsová
- 14.40–15.10 **Fabry Neurological involvement**
Petra Reková
- 15.10–15.30 **Panel discussion**
- 15.30–15.50 *Coffee break*

Day 1 – Session 4: Hands-on sessions

- 15.50–17.30 **Hands on session: split in 4 groups**

Group A + B: echocardiography laboratory (45 min)
including Strain assessments then switch with C+D

Aleš Linhart, Josef Marek

Group C + D: meet the patient – Effective communication with patients and their families, ERT dispensing (45 min) then switch with A+B

Gabriela Dostálová

Day 1 – Session 4: ERT

**17.30–18.15 Enzyme replacement therapy – experiences with
pegunigalsidase alfa**

Gabriela Dostálová

18.30 Departure for the dinner

Day 1 – Afternoon Workshop for General Nurses at the Fabry Centre

13:00–13:10 Opening of the Workshop at the Fabry Centre

Tereza Frýbová

**13:10–13:40 Practical Care for Patients with Fabry Disease
in the Application Centre**

Tereza Frýbová, Dita Hájková

**13:40–14:10 The Patient's Diagnostic Pathway: Genetic Laboratory
and DBS in Practice**

Markéta Křečková, Tereza Frýbová

**14:10–14:40 Implantable Venous Ports and Administration
of Enzyme Therapy via a Port**

Jana Kubešová

**14:40–15:05 Stock Management and Distribution of Therapy
to Application Centres**

Petra Procházková-Knytllová, Markéta Křečková

15:10–15:40 Experience from a Fabry Centre Abroad in Slovenia

Anja Založnik

**15:45–16:00 Sharing of Experiences, Questions and Closing
of the Workshop**

All

Day 2 – Session 5: Cardiac disease in FD – level 2

- 9.00–9.15 **Day 1 wrap-up**
Aleš Linhart, Tereza Frýbová
- 9.15–9.50 **Differential diagnosis in HCM**
Aleš Linhart
- 9.50–10.10 **Dealing with obstruction**
Josef Marek
- 10.10–10.30 **Arrhythmia management**
Milan Dušík
- 10.30–11.00 **The case of mistaken identity
(overlooked diagnosis of FD)**
Gabriela Dostálová
- 11.00–11.20 *Coffee break*

Day 2 – Session 6: Other organ manifestations and experiences from patients' management

- 11.20–11.50 **Cutaneous involvement in Fabry disease**
Ondřej Kodet
- 11.50–12.10 **Pulmonary involvement and exercise tolerance**
Vladimír Tuka
- 12.10–12.30 **Case reports I**
Beata Šoltéssová
- 12.30–12.50 **Case reports II**
Kristýna Bayerová
- 12.50–13.00 **Panel discussion**
All
- 13.45–14.30 *Lunch*
- 14.30–15.00 **Screening studies in FD**
Gabriela Dostálová
- 15.00–15.45 **Cases from the participants**
- 15.45–16.10 **Changing paradigms in FD**
Aleš Linhart
- 16.10–16.15 **Closing remarks and adjourn**
